

# Seasonal Sides, Rolls & Pie Package

## Heating & Serving Instructions

### Conventional Oven (recommended):

Preheat oven to 350°F.

Remove plastic lids and cover Cornbread Dressing, Sweet Potato Casserole and Seasoned Green Beans loosely with aluminum foil. Arrange on a baking sheet, spacing evenly apart. Place baking sheet of sides into the oven and heat for 35 minutes. Remove foil and return to the oven for an additional 10 minutes or until desired serving temperature. **Allow side dishes to rest 30 seconds before removing from baking sheet.**

Remove White House Roll Clusters from plastic packaging and cover tray loosely with aluminum foil. Heat for final 10 minutes with side dishes.

### Microwave:

**Side Dishes:** Remove plastic lids from the Cornbread Dressing, Sweet Potato Casserole, and Seasoned Green Beans; cover loosely with a paper towel. Heat containers separately at 80% power for approximately 4-6 minutes or until desired serving temperature is reached. **Allow side dishes to rest 30 seconds before handling.**

**White House Roll Clusters:** Remove from plastic packaging. Cover tray loosely with a paper towel and microwave at 80% power for approximately 30 seconds or until warm. Do not overheat.

### No Heating Required:

**Cranberry Orange Salad:** Keep refrigerated until ready to serve.

**Chocolate Fudge Pie:** No refrigeration necessary (but it's delicious served cold too).

### Leftovers:

**Any leftovers should be promptly refrigerated.** A general recommendation is to refrigerate within 2 hours of removal from oven.
