12/28/2025**

Spiral Sliced Ham Á La Carte

Handling & Heating Instructions

Handling:

Keep refrigerated.

Unopened and properly refrigerated ham is good until **12/28/2025**.

Consume ham within 3-4 days of opening.

Serving Suggestions:

Ukrop's Spiral Sliced Ham is fully cooked and ready to serve.

Ham may be served cold, room temperature, or heated.

Conventional Oven (recommended):

Spiral Ham: Preheat oven to 350°F. Remove ham from package and place in a roasting pan with a depth of at least 2 inches. Cover ham loosely with aluminum foil, crimping to edge of pan, and place on middle oven rack for 1 hour 15 minutes. Remove ham from oven and discard aluminum foil. Return ham to oven for additional 15 minutes.

Spiral Ham with Ham Glaze: Preheat oven to 350°F. Remove ham from package and place in a roasting pan with a depth of at least 2 inches. Cover ham loosely with aluminum foil, crimping to edge of pan, and place on middle oven rack for 1 hour 15 minutes. Remove ham from oven and discard aluminum foil. Apply half** of the ham glaze over ham, coating evenly. Return ham to oven for additional 15 minutes.

** Reserve remaining glaze for leftovers.

Microwave:

Place ham slices in a microwave safe dish and top with desired amount of glaze. Heat at 80% power for approximately 2-3 minutes per pound. Times will vary with the power of microwave and amount being heated. For exact time, consult microwave manual. Do not overheat.

Leftovers:

Any leftovers should be refrigerated promptly. A general recommendation is to refrigerate within 2 hours of removal from oven.
