

We are currently experiencing issues with our United States Postal Service shipping option. FedEx is functioning properly, but we understand that option is not the preference of most of our shipping customers.

We are working to resolve the issue as soon as possible. If you need to ship something time sensitive via USPS, you may call Ukrop's Market Hall at 804-340-3040 and we can process your order over the phone.

Thank you and we apologize for this inconvenience.

*The Ukrop's Team*
